

Skidmarks Show 7.17 NEW REL...

FOR IMMEDIATE RELEASE

SKIDMARKS SHOW WILL PREMIERE THURSDAY, July 30th 2015

TEXAS, July 17, 2015 –Take a breath of fresh air. Skidmarks Show is a celebrity hosted Podcast that is based on cool cars and rock stars all with a vein of comedy. Skidmarks Show is a 30 minute audio podcast that takes a light hearted approach with guests from race car drivers, rock and roll legends and celebrities that will be available for upload on iTunes starting July, 30th 2015. Season One of SKIDMARKS SHOW will consist of 12 thirty-minute episodes airing twice a month on iTunes, Soundcloud and SkidmarksShow.com.

About SKIDMARKS SHOW:

Hosted by Jeff Allen a third generation car connoisseur that eats, drinks and breaths everything petrol. Jeff has starred in 3 Seasons of CNBC's breakout primetime programming, THE CAR CHASERS. What many don't know, is he is also a champion air guitarist, licensed SCCA race car driver and a comedian. If it rolls, he wants to drive it... even if he doesn't fit.

Co-Hosted by Ethan Dometrius morning DJ and radio host of "The Rock Show" on FMX and "The Drive Home Show" on KISS FM. He may not know much about cars, but he sure wants too. "Those seat belts in that Ferrari Testarossa look like something that would be on a Ford Taurus."

Episode Descriptions (All Programming Subject to Change)

Thursday, 07/30/15: Skidmarks Show #001 - "CAR + TRAIN = NO GOOD"

The first ever Skidmarks podcast is birthed. "Skidmarks on the Road" with rock and roll legend, blues guitarist and songwriter IAN MOORE. An in studio appearance by the elusive and unrecognizable Mexico Racing League. And the question is answered if a 151MPH pass was the slowest at the Colorado Springs Pikes Peak Airstrip Attack.

Thursday 08/06/15: Skidmarks Show #002 - "FAST & FURIOUS 8 SNEAK PEEK"

Jeff and Ethan investigate what the McDonalds Minion is really saying. "Skidmarks on the Road" with Art Alexakis of the alternative rock band EVERCLEAR and his Shelby Cobra. Jeff and Ethan talk about a place where you can see over 40 million \$ of supercars and we meet the man behind the cars of the "Fast and Furious" franchise.
